There's plenty of time for yoga, meditation, games, laughter, creative projects, singing, and eating super-healthy snacks whipped up from our organic gardens. Camp Odyssey also invites local folk singer John Gage to provide an unforgettable experience for your kids or grandkids.

Summerbridge

<https://summerbridgelouisville.org/>

The primary purpose of Summerbridge Louisville is to prepare and support talented, under-resourced middle school students for greater academic success. We are a free, 6-week, full day academic enrichment program with the morning session focused on the basics: Math, Language Arts, Science and Critical Thinking Skills. We place the students in small classrooms (5-8) so that more attention can be given to their progress. The afternoon session will include a variety of programming: dance, drama, chess, cooking, as well as collaborations with Peace Education, Young Authors Greenhouse, the Food Literacy Project, and more! Our goal is to keep them engaged the entire day! Classes are taught by college student teachers with an emphasis on small classroom learning which provides a unique learning environment; our teachers also become role models and mentors. We typically serve 50 students each summer. We prefer that students come for two summers if possible.
